WHAT WE DO

espace ROAD

Space import and export daily to and from Eastern and Western Europe. Try our 24 or 48 hour European Road Freight services; we go the extra mile.

espace AIR

Join the Espace mile high club by using one of our designated air freight services and take your goods to new heights. Choose from Economy, Express or our bespoke chartered services to suit your needs.

espace EXPRESS

Avoid disappointment with our same day deliveries within the UK or guaranteed next day delivery to or from Europe. Espace Express delivers your consignments on time, every time.

espace COOL

No need to get hot under the collar; let our Temperature Controlled freight service do the hard work. We can carry your part and full load shipments to and from Europe on temperature controlled trailers and vans.

espace SEA

Our Sea Freight services are sure to float your boat as we deliver your goods worldwide. We offer LCL and FCL services for standard container, temperature controlled, hazardous and heavy lift cargo, plus lots more.

espace OVERSIZE

Size really doesn't matter with our Abnormal Load service. We offer project management for the transportation of your out of gauge/heavy lift cargo throughout Europe and Worldwide.

WHY CHOOSE US?

WE CARE

Espace was set up in order to offer a service in which the customer and their requirements are at the centre of everything we do. We do whatever it takes to make sure that the customer's goods get delivered on time, every time.

WE TAKE THE HASSLE AWAY

We'll take care of everything. You'll have a single point of contact at Espace - your very own Freight Account Manager. They'll keep you up to date on progress every step of the way.

WE ALWAYS HAVE THE CAPACITY TO HELP

We are truck finders, not truck fillers, so we can always deliver using our network of over 600 quality approved suppliers.

WE'RE HERE TO SOLVE PROBLEMS

We're available 24/7, should you have an emergency and need to get something, somewhere quickly. In fact, we've called it our "Freight Emergency Service". Many of our 500 customers rely on us to deliver 'Just In Time' or otherwise their production lines stop.

WE ARE A MULTI MODAL OPERATOR

The complexities of logistics these days, means not just moving stuff from A to B. There is often a C and a D. We can take care of the lot- we move goods not only across Europe but between different continents.

WE'RE HIGHLY PRICE COMPETITIVE

We work with different suppliers to get the best price, so you don't have to. Also, if there is ever a problem (which there can be in transport) we'll sort it out and not get you involved, saving you time and money.

"WE UNDERSTAND, ANTICIPATE, PLAN, DELIVER...THAT'S WHY WE CALL IT INTELLIGENT FREIGHT."

WE LIVE AND BREATHE OUR VALUES. HERE ARE SOME COMMENTS FROM OUR CUSTOMERS TO DEMONSTRATE HOW WE BRING OUR VALUES TO LIFE.

FRIENDLINESS

"Everyone at Espace is a delight to deal with. If all my hauliers were as friendly and helpful, my days would be much easier."

Denise Price

DEDICATION

"I get 24/7 coverage 365 days of the year from Espace. Our freight is all time-critical. Knowing that I can get hold of someone at all times day or night is imperative."

Scott Chambers

ACCOUNTABILITY

"For the record, thanks again for the support from you and your colleagues for our first business together. The driver turned up here on time, arrived in Germany on time and your call to me confirming the completion allowed me to send a nice email to my customer to say that everything was good. Business at times can be so simple and effective, but it's surprising how many get it wrong."

Jason Parkin

TEAMWORK

"The Espace team are viewed as an extension to our own Logistics team. We consider them a valued partner in supplying our products to our European customers on time and in excellent condition. "

Barry Mayor

INTELLIGENCE

"You guys are great and give me so much help. I find that your strongest point is that we do not need to think about the documentation – you do it all for us."
